FERUS 20 TABLE B is a table lamp with a metal body. It is suitable for bedside tables, desks, consoles, hospitality spaces and places that need more personal or atmospheric lighting. The standard 8°–45° beams allow a choice between narrower and wider lighting, depending on the application. Where coverage needs to extend along one axis, the oval 13x45° beam adds a useful option for elongated surfaces and circulation zones. It is available in multiple finish options, with special RAL colours available on request for project-specific schemes.

LUMINAIRE POWER

1.7 W

LUMINAIRE LUMINOUS FLUX

160 - 176 lm

The power and luminous flux ranges are calculated separately from the listed variants. For an exact combination, see the code details on the site.
