FERUS 20 FLOOR is a floor lamp with a metal body. It suits living rooms, hotels, reading corners and spaces where the luminaire needs to add both functional light and decorative presence. Depending on the project, the 8°–45° beams can be used for either more concentrated or more open lighting. The oval option 13x45° complements the range when the light needs to follow a shelf, counter, corridor or long architectural line. It is available in multiple finish options, with special RAL colours available on request for project-specific schemes.

LUMINAIRE POWER

1.7 W

LUMINAIRE LUMINOUS FLUX

160 - 180 lm

The power and luminous flux ranges are calculated separately from the listed variants. For an exact combination, see the code details on the site.
