DEUS 600 is a decorative wall light with integrated indirect LED lighting, with a ceramic body. It is used in homes, hotels, corridors, living areas and reception spaces where the luminaire also contributes to the atmosphere. The different sizes within the family help the designer choose between a more discreet result and a stronger decorative presence. It is available in multiple finish options. On the wall, it works as a lighting element that adds depth, texture or emphasis without requiring an intense luminous presence.

LUMINAIRE POWER

12.6 - 17.2 W

LUMINAIRE LUMINOUS FLUX

1,322 - 1,995 lm

The power and luminous flux ranges are calculated separately from the listed variants. For an exact combination, see the code details on the site.
