LEGATUS 2 LINEAR LED OPAL

18 variants

Dimensions

Available colours

White **Black**

LEGATUS 2 LINEAR LED OPAL is a linear LED module for 48 V track made of aluminium. The body has a length of 300 mm, width of 23 mm and height of 26 mm. It forms part of a low-voltage track system, allowing lighting positions to follow the design. It suits homes, shops and hospitality spaces with different lighting requirements along the same track. Opal glass softens the appearance of the light source and makes the diffuser part of the form of the fitting. The 2700, 3000 and 4000 K options with CRI90 allow the lighting to match the colour appearance required in the space. It is available in black and white finishes. Control is available through On-Off and DALI2, with Casambi available in the corresponding version, to suit the lighting control requirements of the project. The construction is rated IP20 with an impact rating of IK02.

LUMINAIRE POWER

12 W

LUMINAIRE LUMINOUS FLUX

541 - 661 lm

The power and luminous flux ranges are calculated separately from the listed variants. For an exact combination, see the code details on the site.

Technical characteristics

Common data

Characteristics that apply to all versions of LEGATUS 2 LINEAR LED OPAL.

Mounting position	**48V Track**	Control Gear	**Remote Electronic Driver**
Housing	**Aluminium**	Operating voltage	**48 V**
Light source	**Linear LED**	Protection rating	**IP20 / IK02**
Body dimensions	**23 × 300 × 26 mm**	Lighting direction	**Downwards**
Markings and catalogue references	**CE**		

Options per version

Control On-Off, DALI2, DALI2 + Casambi

Luminous efficacy 45.1 - 55.1 lm/W

CRI/CCT	Colour temperature	Beams	Power (W)	Luminous flux (lm)
927	2700 K		12	**541**
930	3000 K		12	**601**
940	4000 K		12	**661**

Luminous flux range per version

Minimum 541 lm / 12 W / 927 / LV0500CL002ON

Maximum 661 lm / 12 W / 940 / LV0502CL002ON

The ranges per CCT summarise the values of the available codes. To choose a specific code, open the full table of variants.
